

Kollel Guy's 90 Days

Posted by Kollel Guy - 21 Dec 2009 18:57

DAY ONE

OK, I feel like I should have done this on my 1st day, but I didn't. So here I am a few weeks in. I got over my fantasy of "Now that I'm part of GYE I'll never fall again" with a rather harsh way of being awakened. It's time to start down the path of real work, and real responsibility, and real kabolos ol.

So..... even though on my chart I'm at day 12 today, that's only according to the letter of the law. Meaning I didn't do anything which I wasn't allowed to do according to the rules. But in reality - it starts HERE. I know that today I really did mess up. I looked for it. Baruch H-shem for my filter (2 days old) - I didn't find it. But I looked for it, and that does count in shomayim.

A Gutte Voch!!

KG keep on rocking. Every thing means something. Even if while were watching a movie we can turn away, it also means something. Of course we need to realize that movies arent productive to this struggle. But baby steps. As long as were walking wherein good shape. But we need to walk forward.

DAY 4

Shabbos Kodesh!!

I got a bagel today - albeit in pieces.

So almost no learning, but at least when I was up things were good.

Motzei - was going to do the usual "Just stay up with the computer a little longer" and then from there go to shacharis, but instead went to sleep at a normal time.

This might sound simple to you, but MAJOR revolutions are taking place right now in the KG household.

New chavrusa tomorrow - I hope, so we'll see how that goes, Ba'al Hatanya's YarTzeit, new week, shabbos mevorchim, so many reasons to shtark out this week. I hope I takka do.

Sleep well. This first step to a good day is not how we wake up, it how we go to bed.

DAY 5 - sunday

I slipped this morning. Nothing terrible, just a few "investigative" clicks, but then I came to my senses. Still clean.

It feels really good to be back at seder again. I didn't realize how long I was gone for, sheesh. My rosh K said "Chadesh yameinu ki'kedem", but I have other plans. I will BE"H be mechadesh my "Yameinu" but with a lot better planning and responsibility than "Ki'kedem". Ki'kedem ended me up in a bunch of falls and a 3 week slump.

2nd seder is the next thing on my agenda. Maybe one of these days I'll actually get myself to do something *really* drastic, like *show up*.

Went to be menachem avel, and on the bus ride - I realized that my eyes are totally out of control. I really need to get them to behave. Not purposeful looking, just spacing out and looking at everyone out the window. I gotta take off my glasses or train myself to look down or something. If not now then when?

" Nothing terrible, just a few "investigative" clicks"

I don't understand? Are you saying you have not filter? Your are an **addict!!!** You cannot allow a few "investigative" clicks". That's why you can't control your eyes on the bus.

I suggest trying to learn something that interests you on the bus, even stories about Zadikim is good if it keeps your mind occupied.

Calm down. I **do** have a filter. A very good one actually. The "investigative clicks" were to see "how well it works", and it was only a few of them. And it worked BH.

DAY 6

Din't do jak today. Just sat around watching and on GUE.

I know it's horrible, but I do it anyway. I'm used to doing things I know are horrible.

BUT I was very good with staying clean, I even looked away entirely from a shmutzy scene, and since I was indoors the whole day, I didn't see any street pritzus either.

I gotta get my life back together already though, my wife's paitence is running out. Today she threatened to confiscate the computer if I don't stop abusing it.

Hey, it might not be the worst thing if she does.

So we made a pshara. I can use it for 15 mins every night with a timer that beeps.

That leaves me enough time to read the chizuk emails, check up on all my friends here, post a few things, and update my journal & 90 days.

So yeah, if you don't grab life by the horns, it grabs **you** by the collar, shakes you up, and puts you in your place.

I try not to think of how much I missed over the past few weeks, cause I don't want to focus on that now. All I have is a stark realization of no-nonsense reality. I feel like a 60 yr old alcoholic who just got finished with AA and is finally sober. He has what to be happy about, but look at all that wasted time. Besides, I'm not officially "sober" yet, I just managed not to mess up recently.

I have zero cheshek to go back to learning, and I gotta combine that with the memories of myself a few months ago - really excited about the next daf or siman.

But people have survived a lot worse things than just some "blah", this shouldn't be TOO bad, I can for sure break back into my learning if I keep at it for a few solid days in a row....Especially with the latest news from my bad habit buster .
