

EYES NEED KEDUSHA

Posted by Kedusha26 - 22 Nov 2021 22:52

My goal is to guard my eyes and not look at inappropriate things on the computer web (I do not watch porn). Unfortunately, I search for girls that used to be in my grade or celebrities from the time I used to watch porn. please look at the form I submitted for more information about me.

reasons why I want to Quit:

- 1) I'm upsetting and making Hashem extremely angry because I know how much he hates this sin and if love him how could I be looking at other things.
- 2) This is destroying my connection to Hashem in tefillah and learning
- 3) These desires are fleeting and temporary and I'm giving up olam habba for a fleeting moment of pleasure in this fake world.
- 4) I want to have kedusha and tahurah before I get married and not go into a marriage with this sin on me.
- 5) This sin will prevent me from bringing talmedai chachamim into this world because if my mind is tainted this will affect my children chas veshalom.

Your determination is amazing and you'll surely keep on getting better and better in your avodas hashem and kedusha.

I just want to point out one correction to what you wrote:

"I'm upsetting and making Hashem extremely angry"

The fact is that even when Hashem sends us suffering, He is not doing it out of anger. Maybe He is reminding us to accomplish more and to stop harming ourselves, or to repent and remove our sins without pain. Perhaps He is cleaning our sins with suffering so we emerge pristine and

full of accomplishments forever.

Maybe He is challenging us to enable us to truly accomplish. Or maybe He has another reason. But Hashem is doing it out of love. When we sin, we do something foolish that has consequences and must be cleaned up. But Hashem does not view us as bad. He doesn't hate us or get angry with us, even if He must bring us pain because of what we did.

As the Mishna Sanhedrin 46a relates:

Rabbi Meir says, "When a person is in pain [when he is being punished for his sins — Rashi], what does the Shechina say? 'I am burdened by my head! I am burdened by my arm!'" Even though the person brought his suffering upon himself by sinning, Hashem cries out in pain, if it could be. He says, "My head and arm are hurting," even though Hashem doesn't have a head or an arm — because He is in so much pain because the sinner is suffering. Hashem feels our exact pain. Look how much Hashem loves us, even if we have sinned!

Welcome. great first post.

All great reasons, but there is another major one. How dare we objectify women? Women were not put in this world for any of us to "use" as toys of pleasure - and that even includes those women who unfortunately dress provocatively. How will you look at your wife if this is the mindset?

Stay connected and iyh you will break free.
