Destination - 90 days, A human beings journey. Posted by Human being - 05 Jan 2022 18:52

Here I go, this will be the spot for my journey to 90 days! I'm excited to finally start. Its my first time legitimately trying to stop masturbating and calling phone sex lines to listen to the recordings (and occasional porn when I have access).

Whatever my ETA is, 90 days is my destination.

I will hopefully post every day. Any feedback is appreciated.

I usually have a really hard time with phone sex lines when I'm in bed and going to sleep, which has always ended in masturbation. This is especially when I have a hard time falling asleep.

See you down the road- enjoy the ride! #HashemWillHelpMe.#MyFatherMyKingMyLoveAndHeLovesMeToo

Its just that when i get excited about not masturbating i have the need to masturbate so i don't want to think too much about 90 days. so i write 53.

Before day 90, make sure you speak to someone how to be prepared for day 91, understanding that 90 is not some magical day.... Basically, at some point we graduate from the yi'ush, from the script that "it can't be done", and from the being overwhelmed and panicked when the urge hits. For many guys, day 90 signifies that change. But do not make the mistake to think that at day 90 our urges disappear. Rather accept the fact that for the rest of your iyh healthy life there

will be urges and triggers, but you will not be overwhelmed by them. You will be able to iyh face the challenges that arise in a healthy confident way - and will be able to view this nisayon as a "regular" challenge - similar to all the other yetzer hara desires that we have - like speaking lashon hara... That "fly" will buzz around your head, but you have been empowered with the fly swatter, as well as the ability to ignore the nuisance.

If they go away im dead, also my challenge in this area is just as much a safety issue then a porn issue. It will never become just another challenge, As long as im feeling alone and small in a dangerous world, im going to have the same sexual pull. My sexual pull hasnt changed over the last 74 days. My self control has. ==== Re: Destination - 90 days, A human beings journey. Posted by Human being - 09 Nov 2022 06:39 day 53 Re: Destination - 90 days, A human beings journey. I so feel youyour love language for feeling safe is to be held and touched and it's not available to you. Our religion does make this kind of thing extra difficult. You can't get a hug or just be held by someone when you so need to just be able to bury yourself in someone's arms and feel protected. Sending you huge hugs, my dear, dear friend??

There are plenty of religious people that will connect with a hug. Keep your eyes open for those people and try to make a connection with them. I have places that I go to occasionally for shabbos specifically because I know that I will get a hug

I don't feel the safety of touch with Frum people. My brain doesn't allow vulnerability around frum people for fear of eventual rejection. I wish I could find safety with frum people obviously, because i am frum myself, in yeshiva surrounded by shtark frum good people learning the whole day.
