

Destination - 90 days, A human beings journey.

Posted by Human being - 05 Jan 2022 18:52

Here I go, this will be the spot for my journey to 90 days! I'm excited to finally start. Its my first time legitimately trying to stop masturbating and calling phone sex lines to listen to the recordings (and occasional porn when I have access).

Whatever my ETA is, 90 days is my destination.

I will hopefully post every day. Any feedback is appreciated.

I usually have a really hard time with phone sex lines when I'm in bed and going to sleep, which has always ended in masturbation. This is especially when I have a hard time falling asleep.

See you down the road- enjoy the ride!

Day 89.

wow, I'm getting emotional writing this. I've come such a long way and i have such a long way to go. Emes and Yashrus is a one lane highway with little to no traffic. I'm proud to be traveling along this highway with so many tzaddickin and special people. I feel like i want to cry from the amount of work it takes to reach this milestone. The ups, downs, falls, scratches, stitches, bandages, hugs, tears, frustrations, hope, wrong turns, U-turns. Red lights green lights and stop signs. Tsunami's, thunderstorms and floods of emotions. Thank you everyone for helping me reach this milestone.

Also thanks for all the love I've been getting. I love you guys too. Genuinely. Here's a real long and warm hug for all the friends and Bnia Aliyah growing, owning up and doing so many things that makes Hashem want to just be close with his kinderlach and love them forever and ever and ever. I love you Hashem. Thank you for being with me for so many years and holding my hand through thick and thin. Being there when i just wanted out. When i just cant take the pain any more and i have no interest in life anymore. Thank you for being here in my milestones and triumphs. In my celebrations and moments i need you most. Love you- (And you know my real name. and know that I love you and you love me to.) Aba i love you. Please help all the wonderful people here tap into the deep love they have for you, too.

I really relate to this. No filter will work for someone who **needs** sexual content. I would not recommend you getting your own device. From personal experience, when in an emotional flashback I will do anything I can to break through a filter

@Human being, you're amazing that you have the strength not to have your own device. I think you're not a human being, you're an Angel.

Thank you so much brother. Yes indeed it is hard. I'm sure you know what it means to *need* porn. And btw for everyone out here, even not having my own devices hasn't always helped. I've had times where ive run to Walmart 10 minutes before they close and spent 100\$ for a phone a phone plan and an activation fee for 20 min of porn. Whenever I'm in such an extreme flashback, sometimes i feel like i literary don't have bechira the danger is so extreme. Baruch Hashem I've gotten more control even in my most extreme emotional flashbacks.

On an interesting note, i don't know what I'm going to do once the summer hits. im summer I have times when I feel such danger that Im literally on auto pilot and its as if someone is controlling my body and driving however long it takes to get to the closest accessible porn, no matter the cost no matter the time lost.

I was gonna write in my previous post that in an emotional flashback if the person can't break

through the filter, they'll just buy a new unfiltered device. But I didn't want to give you any ideas....

In an emotional flashback, brain is at 10%, logic and common sense don't talk, the same way they won't talk to a 3yr old who can't find his mother....

The only reason in the past during an emotional flashback that I didnt buy a new device if I couldn't get through the filter was, i was too scared to even go shopping (anxiety is at 500%), or I was dead scared of going into debt because I knew I would chuck out the phone as soon as the flashback was over and then constantly having to buy new devices and chuck them out would put me into debt. Looking back, I'm shocked that these reasons were enough to stop me...

@Human being, you're amazing that you didn't watch porn even during an emotional flashback, it's a level I'm unable to reach yet. Hopefully I'll reach it one day (still trying), and you managing to reach that level, inspires me to try...

You're almost at day 90. WOW!

Im having such a hard time today with sexulaized browsing. I'm dissociative right now because my feelings Got too hard to function with. Not feeling my feelings makes it impossible for me to connect to the emotions causing me to turn to porn, which makes me feel like I'm fighting an unwinnable battle in the dark. Im doiscoonected from my feelings and therefore dont know what to do. Im so disconnected now. It makes it impossible to turn to something else instead of porn.
