

Destination - 90 days, A human beings journey.

Posted by Human being - 05 Jan 2022 18:52

Here I go, this will be the spot for my journey to 90 days! I'm excited to finally start. Its my first time legitimately trying to stop masturbating and calling phone sex lines to listen to the recordings (and occasional porn when I have access).

Whatever my ETA is, 90 days is my destination.

I will hopefully post every day. Any feedback is appreciated.

I usually have a really hard time with phone sex lines when I'm in bed and going to sleep, which has always ended in masturbation. This is especially when I have a hard time falling asleep.

See you down the road- enjoy the ride!

Day 19 and I'm only 6 days away from 25!!!! 25 is very exciting!! Its a real amount. Meaning its more then just a couple weeks. If I get to 25 it means I'm in it for the long haul.

25 days of clean currency after 120 years is going to able to buy me a lot up there! I really cant believe that tomorrows going to be 20 days. 6 out from 25.

Guys ITS DOABLE. WE ALL GOT THIS!!!!!!!

Shabbos is usually hard, but I'm disassociated (my emotions are shut off) right now (for anyone who knows about mental health) so it shouldn't be as hard as usual. I still have too remain on

guard though.

A good, clean, pure and loving Shabbos to all following. Hugs and kisses-Human being

21 days. I cant wait for 25. 4 days out. I think right about at 20 days is when the mind starts the journey of focusing elsewears other then masturbation. Just a little bit, but a little bit none-the-less.

I Bh dont have any devices in my home or around me with open internet. My challenge is that i kind of look at any technology through a lens of "how bad of a video/picture can i find on this thing" I can find trigger material virtually anywhere. (im good at finding it!) So i have to set up some accountability and connections with others to help me stay away.

Thanks for asking! BTW Im following your thread too and you are really amazing.

accountability is a great idea but also maybe make yourself a contract?

like you will not look at ANYTHING for sexual pleasure

The more you build a clarity and motivation on why you wanna not lust in videos and images anymore the less of this mindset("how bad of a video/picture can i find on this thing") you'll have. You'll feel strong and determined to not fall. To not try to fall. To not wanna fall cuz your

clarity is crystal clear. I believe that's the goal.

There's different ways to stop this from happening. Like I mentioned in the previous post- building a clarity. There's many ways to build a clarity.

1. focus on the short term effects.
2. long term effects.
3. Focusing on the gashmiyus effects it'll have on you. The depressed person you'll feel like etc.

another way to help with this idea is knowing looking for the worst thing on this device or any device all together- isn't an option. Like one of the others mentioned a contract. That's good cuz there's no more option of falling.. cuz the consequence is too big.
