I remember seeing somewhere about a chosson shmuz for people who used to watch porn. Where can I find it and is it for me I don't think I watched anything hardcore but I'm not exactly sure what's included in that so maybe I did, so I'm not sure if it's for me or not?

It's in the audio library but it's locked. Message Menachem to open. It's called "The Chosson Shmuez You wish You Got"
