

Filters!!!

Posted by rbenbnjamin - 29 Jan 2023 01:03

My brothers, I am searching for an internet filter, which will block most sites both windows and ios (phone). I don't come from the Yeshiva, live in Germany. Do you know of any Kosher filters, which will work here? B'H I will post about my story soon, trying to make it 90 days iyh.

Thank you!

Hi Reb Benjy, I have no good knowledge of filters, but I am looking forward to hearing your story! Keep us posted, my friend!

Gentech is probably your best bet (www.gentechsolution.com). Techloq only does windows devices.
