

looking good on my way

Posted by look Good - 02 Nov 2023 15:26

Hi everyone,

am struggling with MB since 12 a friend introduced it to me, was on and off as bucher tried to shtieg

got married thought will be better but just got worse (could blame my wife for not being interested in s-x but the blame game won't do anything its just something people use to justify themselves, and situation changed she is more interested is better for a long time already)

then came the internet when got out of kollel and it turned my life in a living hell constantly wanting something that doesn't exists searching for the maybe I'll find something interesting, from chatting with guys to pictures to erotic reading material keep on stopping and starting again.

getting around filters as nothing is secured for me anymore its only my strong will that will do it

so starting today day 1

Welcome! Very well written!!

About filters, maybe you can work with them to see if together you can make it a little safer? Do they have good quality customer service?

Hatzlacha!
