Keep shteiging! The freedom is 100% worth it.

As someone else said, it's about getting YOUR life back. Your personal freedom.

My life has tremendous challenges but at the moment (71 days and counting) PandM isn't one of them. And that was my goal. And I'm sticking to it.

HHM likes to say these dreams are a really good sign of the changes you are making permeating all the way into your subconscious.

So good to see you climbed right back into the truck. You're going places my friend!
