Day 44 and 45 clean

I can say that after 45 days of barley any urges at all all of a sudden I am slammed with a good amount

I'm just trying to keep telling myself "I am free from p&m" and that I don't do that stuffs

And of course reminding myself how hard I worked to get here and it's so not worth to fail

This is perfectly normal and to be expected.

Reaching out to a GYE chaver for a good dose of chizuk is a great way to beat the YH into submission....

Thank you all for your support

I noticed that after the app update it says I'm 52 days clean meaning one day ahead is that only for me or anyone else have the same thing?
