Day 63 clean bh!

So quick update yesterday I had a 24 hour shift with that girl and I did what I said I would do and didn't talk about anything deep and I kept to myself and read a book and let me just say it was the most boring day I had in a very long time we literally just sat and didn't say a word and it's funny because you would think if I took the right steps and remove myself from triggering situations it would be easier but since taking the step back my urges have doubled

That's real success! The urges doubling is difficult, but doesn't take away form your win....

Reach out to one of the GYE mentors here to talk more about how to calm the urges...

Much hatzlacha with all!

Day 65 clean bh

I have never been more sure that watching is not what I truly want but It just won't leave the door step he keeps on knocking and knocking hoping for a different answer from me

Like I understand that urges will be there but like I want it to be even easier for me to brush them off

Shalom Brother Rocky,

Might I ask what it is that you **do** truly want?

Perhaps focusing on what you want to say 'yes' to in life and not only saying 'no' will help you escape the loop.

Hatzlacha and keep on Rocking!

Shavua tov

Day 68 clean

Answering your amazing question @benhashembh

I want to get married, I want to build a family, I want to be truly happy with myself and not feeling that I'm doing things against my will

I truly want to do what I know is right and that is not watching so I can't do all the above and be successful in life

Thank you all so much and looking forward getting the next day clean

Hey Rocky,

Just wanted to reach out with a warm hand and say hi.

I'm catching up on your thread and I'm full of admiration for your self awareness and the way that you are working on yourself. you're a special guy!

Want to echo what some of the illustrious guys have written recently- offense works better than defense! Keeping your true goals and aspirations in mind, focusing on what makes you feel truly good (long term), and what will help you achieve the happiness you truly want, that's a way that helps combat the enticement that gets projected for short term "feel good" sugar rush to watch inappropriate content, engage in flirty interactions and similar...

Have you tried reading The Battle of the Generation?

Wishing you a lot of continued success!

Here's a warm hand,

Chaim Oigen

Thank you to all those who are asking me how I'm doing

So two weeks ago I fell and lost my 71 day streak I was so pissed and it was so embarrassing for me to write it so I thought maybe for this time I will not log on to Gye and maybe disconnect from this oylam for awhile obviously still fighting the battle, anyway I just fell today so obviously wasn't so smart to leave you awesome people

I honestly don't know where to go from here
