

the koach of your avodah - cizuk

The 'sefarim hakedoshim' bring that when a person is being misgaver on his yetzer hara, and look away from someone/something assur, he is mitlabesh with an 'ohr', that shines from his neshama on earth all the way to shamayim (and tzaddikim have the koach to see that ohr). They are mevaeir: that when he is overcoming the tayva his chelek haneshama in shamayim is mitlabesh in the ohr created by the kivush hayetzer done by his neshama on earth. and davka during that time, it is a tremendous eiss ratzon....so take the opportunity and daven! The tefilot of everyone here have an extra potency, since unlike the tzaddikim of our dor, we have the opportunity to take advantage of this segulah every time we open our computers, newspapers, tv, etz (letza'areinu of course).

I would ask you all to daven for my hatzlacha in these areas....but then i would lose my anonymity.

Additionally, being that the midah of this week of sefira is Gevurah...ya'll must listen to Rav Efraim Waxman. bekitzur this week has the ability to be mashrishi into you the midas hagevurah...the ability to do stand by our principals against all odds. Incidentally last week being midas hachessed was probably even more nogaiya to us, since chessed mitzad haklipah is znus. But anyhow Gevurah being the 'other side of the fence' is still a very necessary kinyan in these areas. you can listen to it on the "Chazak Line" 718-258-2008. (I would summarize a lot of it here, but i don't have the time, and it's more Kedai to hear him say it!)

It is also brought down, that when one is Misgaver on his yetzer, in shamayim the malachim are completely confounded, and in awe at how one with a y"ch can do such an avodah. All of their avodah is without a y"ch.
