

Momo II: Another try

Hi everyone,

After originally joining this forum, my first streak was the best for me (24 days). That was accompanied by almost daily posts and the chart. More important than the number of days, during this streak I really felt the Kedusha and that was an amazing feeling. I felt that I was actually getting rid of lust from within me. However, after I fell, I gave up with the forum and chart, and had smaller streaks. I make efforts to try again, however, I never reached the feeling of Kedusha during the shorter streaks (that were between 5 and 20 days). I also never felt that I was getting rid of the lustful feelings. I was just counting days until the next fall.

Anyway, I'm ready to try again with the chart and posting on the forum. I'm ready to make a REAL effort again but I've been feeling very lonely for the past few days, and I need the chizuk from this board to remind me that I'm not alone, and someone cares if I try or not.

Here's another try to feel the Kedusha and attempt to rid myself of the lust...

My first clean day was May 12, so yesterday (May 16) counts 5 clean days so far.

May HaShem help me.

Momo

Uri, who's that? Sounds familiar... ;D

Just kidding. I miss you too.

and i miss your morning calls terribly

I have a skype account, but no mic. Anyway, I don't think I can do that at work at my desk. Usually when I speak to you on the phone I leave the office.

Uri, hope you're well. Why don't you write me (here on in my email) about your life in America?

Hi everyone.

So, today is day 34 for me.

I know this isn't Overeaters Anon., but I decided that my eating habits are starting to get out of control, especially eating right before I go to bed. So, why not apply the methods here to eating too?

Today is day 3 of my not eating right before bed.

Shavua tov everyone!

(Good morning Habib.

It kinda rhymes,

Good luck with that too! Addictive personalities get addicted to everything (as can be seen by yourself included), and while your stabiizing one area of life, it is much easier to stabilize other ones too, b/c in general you're in a time of bringing order to life to replace chaos...

Hatzlacha!

So, today is day 34 for me.

Sorry, but I may have blown it.

I did something this morning. I don't know if it's considered a slip or a fall. I PM-ed Guard, and I'll let him give psak.

Sorry again GYE. You know how it is, sometimes the Y"H gets one victory...

yo Momo,

Waddevah 'tis, don' let yoself get DEEEEEEEEpessed, or your clothes'll look all wrinkly.

Do the POTCH for a POTCH method today. POTCH the bad ol' YH right back. Do something heilige to show him who's boss, who's gonna win the war. Learn an extra Blott, do an extra chesed, bentch with a fierce kavanah - your choice of even more.

And don't worry about giving up that one fox hole on the front. Surround him on the other sides, then WAMMO!!!

Now, if only Stratego was this simple...
