Hey folks, as u all know, I've been up. Here for a while now, and u all had a chance to see my struggles and my history, so here I am almost 60 days clean

So now what?? What happens after 90 days, do I become suddenly normal or what

I love this guy. He's SO REAL!!

JIP, you're gonna make it. You REALLY are gonna be fine. I'm so excited for you, working hard to reach a goal you've only dreamed of, and now it's within your reach.

But WATCH OUT!!

The YH knows he's losing grip on another old customer. He's gonna pull out the stops, he's gonna try all sorts of tricks to get you to slip until you fall. Lots of us have experienced this effect - right before a milestone, old Mr. Menuval makes a surprise attack.

BE PREPARED and BE AWARE!!

daven very strongly that hahsem protect you from your YH.

Remember NOT to get overconfident. Don't think your so strong to face him on his turf.

Duvid chaim gave great advice with a mashul: you're running after a your favorite ball, that rolls into the street, you really want to just run after it, but instead you know you must STOP at the corner before crossing and LOOK and MAKE A DECISION if it's safe to cross now. You know if you don't stop and think, you COULD GET KILLED!!!

Same thing here. Be AWARE of your perceptions and motives. If a Teivah comes your way, even if it's a little one, STOP and take a few moments to think about what you're doing. I know if I look at that woman walking on the street as i drive to work, then i'm gonna have a looser resolve and I'm gonna want to check out CNN and see an actresses pic, then google her name to see what else she's not wearing, or a humor video or trailer and see where that leads.

So watch out for the surprise attack. You didn't ask for it. Remember to STOP, not to react automatically, and turn away from following it, then THANK HASHEM for giving you of HIS strength to fight by running away.

May HKB"H protect you from the wiles of the YH.

KAVEI EL HASHEM. CHAZAK 'AMETZ LEBECHA, V'KAVEI EL HASHEM!!

This happens all too often to me...

I don't end up with real bad stuff... but celeb News and things are quiet bad in it's own right....

I blocked out all News Sights but somehow can still find these type of things...

I will I'yh try to to take your advice....

THINK before I act...

REALIZE that one veer off... leads to another and another and another...

I read that AA's used to say:

Man takes Drink... then

Drink takes Drink... then

All the best JIP... Your almost over the hill... keep on going...
Drink takes Man....
