

Awakening the Rage

Posted by Cry2Tatty - 07 Apr 2010 18:52

So after seeing some initial success right here on GYE (4 months) ive had an extremely difficult time staying sober...sometimes i get a week, sometimes more, sometimes less, but nothing real...truth is ive felt the desire to stay clean and sober dwindle..hopelessness...depression...i dont know if those are the right words...definatly feel numb...totally and completely numb to the addiction but also to everything else too...so my elders have advised i take it to the next level and that is great advice so i got a name and a number of a dude that goes to sa groups in my hood and i gave him a shout out...hopefully something develops there...but i feel a little like i hit rock bottom (once again) and im hoping the feeling propels me in the right direction...and what better place to start than where it all began...right here on GYE...sadly, i cannot say that hayom yom echad....hopefully tomorrow will be...ready to start taking those baby steps again....

so its been since sunday that i made a kabbala not to abuse images...bH since i took that upon myself i got passed some nisyonos that would have led to falls in the past...i was the last guy in the office a few times this week...i didnt think about visiting bad sites...right now im alone at home and instead of going to those bad places i am spending my time here and loving it...

Isn't the freedom **not** to fall wonderful?

It's the sweetest thing....

dude!!

last night, while trying to fall asleep, i was having some trouble. even though, i was tired and clearly could use the rest. so, i thought, hey, i can get out of bed and watch a movie or something..., but wait, then ill be up really late and have a really hard time waking up in the morning or at whatever later point i'd end up being in bed until. so, i waited it out and eventually woke up this morning, before my alarm clock, and it was still hard to get out of bed! anyway, point is, i'd think if i'm having trouble sleeping, as annoying as it might be to twist and turn in bed, i'd prob more sooner fall asleep than if i got out of bed to do whatever
