

A BIG ZECHUS

Posted by the.guard - 23 Jun 2010 19:53

Remember a month or two ago when the forum got a virus? So we had to fix the virus, and while doing that we migrated the forum over to our server at GuardYourEyes and also upgraded it to SMF version 2.0. All that cost us \$500. Does anyone want a zechus to sponsor this? You would have a chelek in the entire forum!! ;D

[Here is the invoice](#) from the workers.

You can donate it to us via PayPal on the site, (or other) and we'll pay them.

Either way, [let us know](#) please.

Every little bit helps... No one has to take the whole thing (including you, David).

Thanks.
