

Tatti, Tatti, please, just for today

Posted by 1daat - 30 Jun 2010 03:35

"hi; I moved here from the Introduce Yourself thread cause I'm already introduced."

--Briuit's suggestion for starting my new thread.

Anyway, here I am, day 31. Fast is over in 12 minutes. But who's counting. I've been on GYE for a couple hours. More than is probably ok for me, but when I need it I need it.

Making some real friendships, no secrets, just chizuk, love and reminders that when all is said and done, we are left with hishtadlus and bitachon.

It's relatively quiet on the yh (no caps. I wouldn't give it the kovod, malach or not) front. Thank you all for reminding me not to be caught off guard, lulled into some sense of "having won" the battle. Please, keep reminding me!

ok for tonight. Maariv and eatz.

Chazak Chazak chevra.

The worst things I've ever gone through in my life have often turned out, later, in hindsight, to be the best things that ever happened to me.

wow. hopefully one day i'll look back and be able to see that too.

OneDayAtATime

I can't believe I never figured that one out.

I always though it was the desire to "know" the "1" above.

hi 1daat,

glad to hear about the good stuff between you and your children. i just heard from R' Noach Weinberg (on his CD called 'the five levels of pleasure' available for free at classicsinai.com) that a parents biggest pain is their children. and their biggest joy is their children. so true.

sorry to hear about the difficulties with the hearing. you talking to the Boss is the best route. as you well know and as you have demonstrated to us so many times in the past.

keep on trucking and check in here when you have time.

have a great shabbos

Doc Briut, Rebbe Zemster, ha Rav, ha Gaon UAJ, Reb D'Tbear, and all youse guys what checked in while I was checked out. Thanks a lot. You guys just keep reminding me of the same simple stuff: Hashem's lovingly in charge; Have the rough times ever not proven themselves to be l'toyvah?;

I am still learning to walk. Got very freaked out about the lawyer missing the one thing that's going to be a headache. Then I just broke down while talking with HKBH. I keep thinking it's like when I was a child--alone, humiliated, powerless to do anything, frightened. Always frightened. And then He comes, "Don't worry, it'll be ok, I'm carrying you. Shah, Shah." And I feel again, for the unpteenth time His love, and protection. And then I forget again.

Ok, whatever You have in store for me, If You could please just keep me near Your voice telling me it's all going to be ok, that You love me. If You could just let me not get so scared, and if I do get so scared, if You could please come again and reassure me, I'll try to face whatever You

bring me. You always bring me closer to You. And I know, I keep forgetting, on a daily basis. One day at a time I keep forgetting. Thank You for bringing all these guys into my life who keep reminding me. Thank You for reminding me. I have a major memory problem.

ps. ironically, speaking of memory problems. Turns out there seems to be something physical going on with me about my memory. Having a psychological evaluation done.

pps. Briut. Been using the lightbox every day. 'Cept Shabbos. Hard to know, but I don't want to run any experiments. My moods pretty stable, so I ain't messing with it. Also, thanks for sharing your legal stuff with me. Helps put the lawyer's mistake in perspective. It's a business problem, not a personal one.

My daughter an I are doing really well. REALLY well. She asks me for advice, reminds me to watch myself for certain bipolar symptoms we both have. We laugh, share pictures. What do you want from miracles??!! I'chol chai ratzon.

As to the 1daat questions. well.... gotta go 8)

Well, I haven't been on in a while. Everything's ok. Seems I've reached day 95. It's actually pretty much a ho hum. I just keep working a day at a time. No porn or masturbation (oy, forgot the asterisks). Get succered into a second look once in a while. TV is gonna have to go pretty soon. Never watch "dangerous shows but even natgeo has beautiful scientists. And the

commercials are a problem too. Soon.

anyway, kot you guys. will check in soon. it's late.

Hey Brit, I misread, and thought your tag said Briut. I'm really sorry. Course I could blame it on being too lazy to go over to the table and get my glasses, but that would be putting myself down and I promised I'd stop doing that. But it really was the galsses' fault.

Anyway, that was a great post, and totally helpful. I had a talk with Hashem the other morning, right in the middle of Shacharis and, of course, I finally let the floodgates open and got back under His wing. Hearing from you, and your experiences with lawsuits was important for me. I'm glad that I caught my goof so I can thank you directly.

I dunno if you have a thread, but I'll go see and hop over there to thank you personally.

UPDATE. those of you who have read these Megillas I write know my daughter and I have been slowly working at re-establishing a relationship. Last Chanukah she blew me away with a picture she sent me of her next to her menorah, fourth night.

OK. Yesterday I sent her an email asking her what she'd like for her birthday coming up soon. She said what she'd really like is if I would go up to Seattle to see her, or if she could come down to my place to see me in LA.

So with all the tsuris in my life at the moment He sends me this miracle. I haven't seen her in years. We just started communicating again a few months ago. And now this.

There's no accounting for His chesed.

Heads up guys....This all started happening after I got on GYE and started to be gotten clean!!!

Isn't it simple?

You return yourself to your Father in Heaven; your daughter returns to you!

(STAY CONNECTED to your Father; you don't want your connection with daughter to be just a fleeting connection...)
