

fresh start

I was on the list before under a different name and I decided to change it. Previously I was "David". I am nearing the end of my 4th day clean. Today was difficult and challenging. Thanks to your help, I have had a filter (K9) on my computer since Thursday afternoon. That has been helpful. Anyway, happy to be on this journey of sobriety. I'm not so sure how much to disclose about myself and what to write on these forums. I hope to make use of them, though. I have needed, do need and will need help and support.

Sturggle -

If the lust is killing you NOW and you want to overcome it now while GYE is an amazing site - get away from the computer and start taking a jog. Run as fast as you can go until your heart rate hits 180. It really works and when you get back home the lust will definately be diminished.

Hatzlacha -

Update us as soon and as often as you can!!

Sturrgle, you're not flying that plane for fun! There are targets out there that you need to take out in order to bring the geulah (both your personal one and the general one)

Sorry that you weren't informed before, but every nissoyon is a message from the Commander-In-Chief to you. Now is the time to FIRE! Now is the time to muster up all your resources. Talk to us! Post away! TALK TO HASHEM!!! He's right there with you. This is your oppertunity! The hardest times are the times of the greatest growth!

Yasher Koach on shouting out!

I know this; fighting this thing has improved my life - the pleasure in my life - in ways I could have never imagined beforehand.

Hold on; this too shall pass.

sturggle, my brother! empower yourself! YOU ARE GOOD!

and secrecy is only going to feed it! please, please, please don't keep quiet! Don't you remember! "Lust glows in the dark!"

and we are not protected- we are all exposed- the Y'h's telling you that we don't want to hear! WHAT A FILTHY LIAR!

we DO want to hear! we want to know!

Dear Sturggle, aka Struggle,

Passing just this one test might be your protection on the upcoming Yomim Noraim.

Why not read (hard copies of) the GYE handbooks?
