

fresh start

I was on the list before under a different name and I decided to change it. Previously I was "David". I am nearing the end of my 4th day clean. Today was difficult and challenging. Thanks to your help, I have had a filter (K9) on my computer since Thursday afternoon. That has been helpful. Anyway, happy to be on this journey of sobriety. I'm not so sure how much to disclose about myself and what to write on these forums. I hope to make use of them, though. I have needed, do need and will need help and support.

Hey Sturggle,

Sorry about yesterday. Can you explain to me what I did wrong so next time I will know not to

-Yiddle

Yiddle, my friend, I was a bit upset and not thinking or acting too clearly. B"H, I managed to pull do it? Constantly working to make myself a better person myself away from my computer and leave my apartment for a bit.

I think at the time I would have appreciated a response on my thread or on the "I'm About to Fall" thread. I hope I didn't say anything that hurt you in any way and we can continue this conversation privately.

Have a beautiful shabbos!

You too, man!

Keep on rocking!

(by the way, maybe this is just an excuse, but it might help if you requested that people use the "I'm about to fall" thread only for when they're about to fall - and not for just joking around. After the first 20 false alarms, I'm honestly not as quick to check out the "I'm about to fall" thread)

Dear Sturggle -

Hi. I've been away a while. Hope you are doing better, being that the "Wall of Almost Falling" thread had some message of relative doom about something associated with errr...you. Hi there. Be strong for your *own* good. To heck with what everybody else wants from you! By the same token, "how can I be useful to somebody (including me)" is the way to go for me...nu, lifge can be confusing, especially with typos.

;D

Hey guys, thanks for asking.

Really means a lot to me.

:D)

B"H, I'm doing alright. Still, as always, trying to figure out how to live each day to its fullest, but in terms of staying clean, I am doing alright. I have what to do with my time. I just constantly get distracted and have to continue reminding myself to focus and accomplish and not get lost. Cause when I'm in that "lost" mode and I'm staring at the computer screen, even if it's GYE, my RID starts dancing and doing all sorts of other funny things.

What, Dov?

You've never seen dancing RIDs?

You're missing out!

Well, I guess not, it's not too fun.
