And one last thought. There are many people here who speak about the yetzer hara and his ways of enticin' us to do stuff, and I will not get into my opinions on that right now, but one thing I could tell you (again, just imho), when one starts thinkin' about the past and the future and how can one fall after so many days, and what am i gonna do about it, and is it all worth it, and can I handle it.....all that is certainly the atsas hayetzer and one should run da hell away from those stuff.

A Rebbe of mine told me that the YH's (sorry) main weapon in this dor is depression.

And there are scant few things that I can think of that are more depressing than this. Hence, the YH in action. KOMT, KOP, KO whatever else you want, but don't think about this.

Just read this thread. This is amazing. Your name answers everything. you show how we all have a 2nd chance. I am inspired to see you here fighting for so many years, and you are on the battle field not giving up. You start all over.

Last weeks parshe we learn how the ones that were not clean to be able to bring the kurban pesach. They asked from Moshe rabeinu the million dollor question ??? ????? ?????? ????? ?? ?????????????????????? Why should we be left out?? Then Hashem tells him that indeed you do have a 2nd chance, and they will be able to bring the kurpan pesach on pesach sheini.

So here we are just asking from hashem just for one more second chance. That the inspiration that I take from this thread.

Good thread, thanks for the shares and wishing you best haztlacha 2nd! So far, I have learned from this thread all the things I ***don't know***. For example:

imho

KO

KOP

KOMPT

ESH

MO (ok, so I didn't see this one here, but I'm still not sure what it is..)

It's humbling really.
