Anyone struggling with this issue should listen to [this Shiur](#).

Thank you Battleworn for bringing this to our attention!

P.S. I am sorry but I still do not know WHO gave this Shiur... Battleworn? Anyone?

BTW ... for those who don't already know, Rabbi Resiman's navi shiur is by far the biggest weekly english shiur in the world. The shiur is listened to by thousands of people weekly and is simulcast to many cities around the US.

This should be required listening for everyone on this forum.

It validates the attitude that most of us have been preaching for newcomers  
and "experts" alike

Guilt is related to how much you THINK you should be perfect.

I wish I had heard this years ago.

truly unbelievable! This morning, after davening, I ran to the bookshelf to get the steipler's sefer. I read the letters that Rabbi Reisman made mention of. It was so inspiring to read it in print; to see how the steipler, the Gadol Hador, was so sensitive and encouraging while dealing with these issues.

All I can say is THANKS!.
