Guys

Rabbi Twersky was a man of greatness a man who tried his best to help people like us. He spoke openly about the issue and told many to join GYE. He was not afraid to speak about addiction and especially pornography.

I hope on he is now storming the heavens for us. I hope like many have said that he should be a mailitz yosher for us, that we should have the moshiach and all this lust stuff will end.

May his neshume have an aliyah and be a gutte better for his family and his extended family us;  
GYE.

You will be missed Rabbi Twersky
