

Men and Women's forums are now seperate

Posted by the.guard - 10 Jan 2010 14:51

Due to some serious breaches in Tzniyus that I am not at liberty to divulge, and after consultation with experts, it has been decided that the men and women's forums on GYE will now be completely separate. Men will not be allowed access to the women's forum, and women will not be allowed access to the men's forum.

We would also like to re-iterate that posting e-mail addresses and telephone numbers is forbidden on the forum. Instead, PM's should be used (between each gender separately).

We apologize for the inconvenience - and just so that no one should get wrong ideas, let me state that it has nothing to do with our dear women members, 7Up, Habib, Trying, Letakein and theOne.

haven't you ever signed up for something, realized you didn't want it, and then canceled? if the girl sees an announcement, and realizes she is addicted, she can sign up, take a look around, and then decide if she wants to stay or not.

You know that's not true.

I would've never started posting if I wouldn't see other women post. I wouldn't even realize that this is for women too. I thought that I'm the only frum girl with this problem. Naturally, seeing a men only forum would reinforce that belief.

I don't think these "scientific facts" should be quoted - even for a joke.

That was exactly my point and I am very afraid that is what is going to happen to the women;s forum in the future. With it moving forward, I wish all the females the best of luck!

1- sorry bruce. didn't think that was your type of thing to say, anyway...

2- yeah, i found gye before there was a women's side

3- trying, i really do believe that if they need it they will sign up. of course, there is more effort involved than normal, because they'd have to make a private gye email...still. if they need it, they will look until they find it. c'mon desperate ppl do desperate things.

4- you guys have GOT to loosen up... get juiced...

For the record, this study was a waste of money.

There are no chidushim here at all.

We women could have told you years ago that men have not only a much lower Y chromosome

to begin with, but lower everything.

Finally, they are deciding to try catch up to us X chromosomes.

It'll never happen but you deserve a "good boy" sticker for effort! :D :D :D

In all seriousness (This would be my first serious post of the day) the one place where men and women were not separated in this site, is the 90 day chart.

There are some very important names conspicuously absent.

Habib?

Trying?

Letakain?

Where the heck are you?

And rage why are'nt you there either?

Habib...I'm sorry... (and you know it's true, because if not for the fact that I'm responding to you, I wouldn't be posting at all today - I'm still considering whether or not it's a good idea for me to stay)...

I know you've already gotten up, and are moving forward.

Oh, and :-[sorry about the mix up with the shiur. I sent it again, through 7up...it's bigger, this time around :D In fact, I can even post the link here.

Don't worry. I never accepted them, either.

They were forced down my throat! That's why I honestly say that all my gratitude for finally getting into recovery goes to two "places": My addiction (for finally getting *bad* enough to make me have to choose between life and death), and I'havdil, Hashem (for helping me choose life). Sorry about the order, folks....

Someone please give me a pill for seriousness-reduction, ok? Got anything, Reb b?
