

Men and Women's forums are now separate  
Posted by the.guard - 10 Jan 2010 14:51

---

Due to some serious breaches in Tznius that I am not at liberty to divulge, and after consultation with experts, it has been decided that the men and women's forums on GYE will now be completely separate. Men will not be allowed access to the women's forum, and women will not be allowed access to the men's forum.

We would also like to re-iterate that posting e-mail addresses and telephone numbers is forbidden on the forum. Instead, PM's should be used (between each gender separately).

We apologize for the inconvenience - and just so that no one should get wrong ideas, let me state that it has nothing to do with our dear women members, 7Up, Habib, Trying, Letakein and theOne.

In a discussion with Reb Shlachter about how hard this split was for many gals/guys, he explained to me....

i support the iron curtain because of what i said before about risks versus rewards of having a joined forum BUT i dont buy this newest thing from r schlachter...in fact i am offended by the suggestion...and i wonder, why have we abandoned rabbi twerski (who sanctioned it btw) in favor of rav schlachter...im sure the good rabbi and his teddy bears and unicorns works for some people and i am not by any means insinuating that his methods dont work for certain individuals but how did he become GYE's bet din tzedek?...

I think most of the interaction was completely innocent. However, I can still hear that it wasn't really healthy.

Why doesnt R' Shlachter stop by and explain himself in person? We would love to discuss the issue with him.

Am I imagining things, because I was under the impression that the interaction was only a secondary reason for the split? There is a far greater danger here at hand....

Originally R' Twerski was cool with it. Something nasty happened or was said - amd Guard ain't talkin. Guard spoke to his peeps - and he ain't sayin who and did the split because of the nasty. R' Shachter is just saying sevaras. Didn't happen because Guard saw the light of the sacred unicorn. 'Cause someone crossed the line in a nasty way. End of story (and nothing to do with that machah bizness either). Sans unicorn

Could be that even after whatever happened, it was still a tough move....but with other reasons that made sense, it made things easier.

The situation was asking for something ugly to happen.

C'mon, a jewish site for where men and women SAs can PM and exchange emails?

KG first of all that's not true. Second of all since you first signed up here Dec 7, you are giving your opinion about something you don't have a clue about. And to be quite frank it's getting annoying.

KG,

Don't take his tone personally, but Me3 is 100% correct that men and women were not allowed to communicate privately even before the recent events.

In all seriousness (This would be my first serious post of the day) the one place where men and women were not separated in this site, is the 90 day chart.

There are some very important names conspicuously absent.

Habib?

Trying?

Letakain?

Yearning?

Where the heck are you?

And rage why are'nt you there either?

Rage is back up Girls where are you?

Thank you Letaiken, the rest of you girls?

Maybe they're working with R' S's mehalech?

men and women were not allowed to communicate privately even before the recent events.

Wouldn't email addresses being visible cause the same problem?

Yeah, it will, but that can't be GYE's concern...tho it seems to me right now that *everyone's* emails should be hidden as a matter of policy.
