

The Shlichim of GYE

Posted by the.guard - 26 Jan 2010 19:01

---

So for the first year or two, I was doing GYE work by myself. But as we grew, it became necessary to start spreading out the work. Besides for not being able to handle it all any more, more and more people were enthusiastic about what we were doing and wanted to help out.

Below is a partial list of some of the GYE Shlichim and the tasks that they undertook to help us with. (I say "partial" because there are certain undertakings that need to stay anonymous and cannot be revealed here). Please let me know if I missed anyone...

If you see a task below that you feel you can help with and want to undertake to be part of, let me know and I will bl'n add your name to the list!

And of-course, if you can think of any other tasks not mentioned below that you feel you can help with, please let me know!

GYE is no longer only "my project". B"H it has grown and become "Klal Yisrael's Project"! :D

Oh, now that I have a official position here. i need my auxiliary intel. agents.

Simply put. Every singl person should send me the email of their rav, shul and yeshiva....and I'll send them an email. mybe we can have a special email for this, and i'll supply the draft letter for the occasion, and then someone who has "top secret clearance" will be the only one to actualy see the emails. Oh and can you also send me other rabanim from areas other than yours, this way I can't identify anyone!

Hey GUARD, I am assuming that you actaly collect and compile all the "good ideas" that we 'could do' if we had funding. Since it would make a powerfull presentation tool. Sorta like 'building dedications', but on a more critical level. Since every single new reader, is another neshama dealing with the nissayon of our dor!
