Dov's father is very sick and is in grave need of a refuah shelema. He is currently with his father in a different city and has asked if some of the GYE tzadikim can daven for him.

His name is **Yosef ben Brayna**.

Dov does not currently know when he will be back home and will be able to post next.

**We love you Dov, may your father have a refuah Shleimah. Be strong!**
