

GYE IN YIDDISH!

Posted by the.guard - 13 Nov 2010 19:59

If you understand Yiddish better than English, send me [an e-mail](#) and I'll send you the GYE Attitude handbook translated into Yiddish.

The second part of the handbook is currently being translated as well.

An anonymous Tzadik is sponsoring the project at a cost of about \$5,000. It is being done very professionally! (Even more professionally than I wrote it, in my humble opinion :D)

I believe it!

Indeed, someone who's been raised in a very sheltered environment will often be a sitting duck for the tests of the Internet if he doesn't set up the proper safeguards in advance.

The whole GYE was worth it just for the moment that JewinPain decided to change his name to Jewinprogress.
