They have a website that lists locations and numbers. You may want to get in touch with Dov. He's an addict who's sober for over 20 years and he knows of many SA groups. His email is

wequithiding@gmail.com

Hatzlacha!

any sa groups by definition cannot be a jewish or frum only group.

there are groups in which most people in them are frum. is that what you are looking for?
